## Summer Competition Rules 2017

### Team Structure

1. Any number of players may form a team. Teams must be registered by completing an entry form and getting it to a member of the organising committee by Sunday 30 April.
2. Teams will be organised into groups based on match night. As far as possible each team will be allocated their first choice of evening.
3. A player may belong to multiple teams as long as each team plays on a different evening.

### Match Structure

4. Each match will consist of four sets of singles and one set of doubles. Two players from each team will play the opposing team in singles. The doubles match will be played either by the original two players, or one of the original players plus a third player.
5. Each set will be the best of three games, up to 25 points (no deuce), with players alternating serves every five points.
6. Each game won will be worth one league point.
7. Matches should start promptly at 7.30 pm.
8. Each match must be played on the scheduled evening. In an emergency, if a team cannot provide two players, a summer competition committee member must be informed as soon as possible, and they will work with the team to find an alternative player. Any team failing to provide players on the night, and not informing a committee member, will concede those players' points.  
*Amendment: Since we have one spare table per evening, with the agreement of both teams, matches may be postponed to be played on another evening. The organising committee must be informed of any such changes.*

### Handicap Structure

9. Each player will have a handicap allocated by the organising committee. This handicap may be revised during the Summer League season at the discretion of the organising committee. All handicaps will be reviewed after the first 3 or 4 matches of the season.
10. The starting score of a singles game will be based on each player's handicap, worked out using the Handicap Chart provided. The higher standard player will start at zero, and the lower standard player will start at the value given in the chart.
11. The handicap of a doubles pair will equal to the average (mean) of their individual handicaps. This is the sum of their handicaps divided by two. Half numbers must be rounded up (i.e. add a half). Use the Handicap Chart as before to work out the starting score.

### Tournament Structure

12. Each team will play each other team in their group twice.
13. Eight teams will go through to the Quarter Finals. The rules for selection of these will be finalised when we know the number of groups.  
*Amendment: There are 6 teams per group. The top two teams in each group will go through to the Quarter Finals.*

### General Rules

14. Results should be recorded on a summer league match sheet, which are available at Hartsdown or may be downloaded from the website. Please complete clearly and accurately and leave them in the box at the end of the match, or give them to one of the organising committee if they are present that evening.

15. The first named team on the fixture list is the home team, and will be responsible for the lighting. Costs for lighting should be shared equally between both teams for Quarter and Semi Finals. The Committee will provide the tokens for the Final.

Any problems, questions or observations get in touch with any of the summer competition committee, who are:

Trevor Mason 01843 595516

Trevor Cornock 01843 600613

Richard Hazelton 07999 521918

## Summer Competition Entry Form Season 2016/2017
